

Process Safety Leadership

Golden Tulip Hotel GRA II, Port Harcourt.

Oriental Hotels, Victoria Island Lagos

Immaculate Hotels, Owerri

N70K per participant, 2 Days Duration.

This course has been specifically designed for Senior members of high hazard facilities, institutions and facilities, who are ultimately responsible for process safety performance within their organization.

OVERVIEW

The Process Safety Leadership for managers and supervisors course provides participants with the tools to develop a detailed understanding of the business case for effective process safety management. It will offer a clear insight on promotion of a positive safety culture throughout the organisation through the effective engagement of the workforce.

The two day training course will include a combination of presentations, exercises, case studies and group discussions which will ultimately lead to a process safety management action plan for their various organisations.
